

SURGELINK CAFE ACCEPTABLE USE POLICY

Document Title	Surgelink Cafe Acceptable Use Policy
Document ID	AUP 001
Version	1.0
Effective Date	1 September 2026
Next Review Date	1 September 2027
Policy Owner	Surgelink Cafe Owner
Approved By	Surgelink Cafe Owner
Classification	Internal Use

1. PURPOSE

The purpose of this acceptable use policy is to ensure the secure, responsible and appropriate use of Surgelink Cafe Systems and data

2. SCOPE

This policy applies to all SurgeLink Cafe employees, contractors, and customers who access or use the organization's systems, including Wi-Fi, computers, email and any company-managed devices.

It covers acceptable use, prohibited activities, and responsibilities when using those systems.

3. DEFINITIONS

Acceptable Use means using SurgeLink Cafe's computers, Wi-Fi, internet services, and other resources responsibly for lawful, authorized purposes.

Prohibited use means any activity not allowed, like hacking, downloading illegal content, or sharing passwords without authorization.

Data breach means an incident where sensitive information is accessed, disclosed, altered, or lost without authorization.

4. ROLES AND RESPONSIBILITIES

The owner or manager approves and enforces the acceptable use policy, ensures compliance with applicable laws, checks payments are made before services, and oversees basic IT administrations like updating antivirus or Wi-Fi passwords.

Employees use systems responsibly, confirm payments when applicable, keep Wi-Fi password confidential and report suspicious activity.

Customers use the system only for lawful purposes, pay before using, don't share passwords and handle equipment carefully.

IT support, whether outsourced or part-time, handles technical maintenance and repairs including restoring systems and failures.

5. ACCEPTABLE USE

Employees must use systems responsibly, only for work purposes, and must not share Wi-Fi passwords.

Users may only use Surge Link Cafe computers and Wi-Fi for lawful purposes. Users must handle equipment carefully, follow this policy, and report any security or technical issues to staff. Customers must pay before using the cafe's computers or Wi-Fi services.

6. PROHIBITED ACTIVITIES

Hacking or attempting to gain unauthorized access, sharing Wi-Fi passwords with unauthorized users, downloading illegal or pirated content, installing unauthorized software or changing system settings, intentionally damaging computers or other equipment, spilling food or drinks on computers, using systems for illegal activities, or refusing to pay for services used.

7. INTERNET AND WI-FI USE

The cafe provides two separate Wi-Fi networks, one for PCs and one for guests. Guests must not share or receive passwords outside authorized use.

Only staff should provide or manage passwords, and customers should only use the guest network for lawful purposes. Access may be limited if abused.

8. SYSTEM AND COMPUTER USE

Computers must be used for lawful purposes only, no installing or removing software without staff approval, no changing system settings, no disabling security tools, no accessing other users' files, log out before leaving, and report any technical issues to staff immediately.

9. MONITORING AND PRIVACY

The cafe may monitor computer and Wi-Fi use to maintain security and protect its systems. Users shouldn't expect

complete privacy, but monitoring is for legitimate business and security purposes only. Any data collected is handled responsibly and in line with privacy and data protection requirements.

10. POLICY VIOLATIONS AND ENFORCEMENT

Employees or contractors who break the AUP may face disciplinary action like warnings, suspension, or even termination, depending on the seriousness of the violations. For customers, violations may result in suspension or permanent loss of access to the cafe's services. Illegal activities may also be reported to the authorities. The cafe reserves the right to investigate and act on any violations to protect its systems, staff, and customers.

11. REVIEW AND MAINTENANCE

This policy will be reviewed annually or when needed to ensure it stays up to date. The cafe owner or manager is responsible for making those updates.
